VII. State of the Continuum of Care Address – Les Smith, Executive Board Chairman, Continuum of Care Council

Mr. Les Smith, Chair of the Imperial Valley Continuum of Care Council, presented an address on the current status of the Continuum of Care, acknowledging the Executive Board, Administrative Entity, and service providers for their leadership and service to the unsheltered population. The 2025 Point-in-Time Count and housing inventory reflect that the majority of individuals experiencing homelessness in Imperial County remain unsheltered, often affected by mental health conditions, substance use, and other complex barriers. Contributing factors include rising housing costs, low wages, health challenges, family instability, and limited affordable housing. In 2025, expanded medical recuperative care, sobering services, post-hospital care, and day services improved recovery outcomes and housing placement. Enhanced interagency coordination, increased funding, HMIS data tracking, and CES utilization strengthened outreach, housing navigation, Rapid Rehousing, and Permanent Supportive Housing. Planning for the 2026 Point-in-Time Count continues, underscoring the broad community impact of homelessness and the necessity of sustained, collaborative efforts countywide funding has been.

VIII. Approval of 2026 Proposed General Membership Meeting Calendar (Attachment 3)

Mr. Hester presented the proposed 2026 General Membership Meeting Calendar. The General Membership proposes meeting quarterly, the second Thursday from 8:30 a.m. to 10:30 a.m. The dates proposed are January 9, April 9, July 9, October 8. IX. Keynote Speaker – Appaswamy “Vino” Pajanor, CEO, Catholic Charities Diocese of San Diego – Day Center & Overview of Programs and Services (Attachment 4)

Mr. Vino Pajanor, CEO of Catholic Charities Diocese of San Diego, addressed the organization’s mission and impact, noting its establishment in 1936 as a faith-based nonprofit providing social welfare services to vulnerable populations. Following a 2022 strategic planning process informed by community and leadership input, homelessness, food insecurity, and housing instability were identified as primary needs in San Diego and Imperial Counties. In response, a Day Center was opened in El Centro on February 15, 2023, serving approximately 2,194 individuals experiencing homelessness, with an average daily utilization of 80–90 persons. Service engagement increased from 771 individuals in 2023 to 1,712 in 2025, alongside growth in housing navigation enrollments. Rapid Rehousing outcomes improved from 4 permanent placements in 2023 to 59 in 2025. Homeless prevention services assisted 110 individuals in 2024 and 137 in 2025. Additional initiatives, including the Working Hands program launched in 2024, coupled with staff training and interagency coordination, strengthened pathways to housing, employment, and long-term stability.

X. Presentations

Imperial County Behavioral Health Services – Community Assistance, Recover, and Empowerment (CARE) Act

Sylvia Bazan, Program Manager for CARE Act of the Imperial County Behavioral Health Services presented the Community Assistance, Recovery, and Empowerment (CARE) Act was established under Senate Bill 1338 (Chapter 319, Statutes of 2022) to provide a civil court-based framework for early intervention for adults with untreated severe mental illness. The CARE Act authorizes eligible parties to petition the court to initiate a voluntary CARE agreement or a court-ordered CARE plan, lasting up to 12 months with a potential one-year extension. Eligible individuals must be 18 or older, have a qualifying psychotic disorder, experience severe and persistent mental illness impairing daily functioning, and not be clinically stabilized in voluntary treatment. The CARE process prioritizes coordinated behavioral health treatment, housing supports, medications, and social services. Proceedings may be initiated by the individual, family members, community partners, or county agencies. Ongoing court reviews ensure compliance, monitor progress, and allow for modifications, with continued support available upon program completion.

Rooted Life – Recuperative Care

Tracey Wilson, Chief Executive Officer, presented on the history of Rooted Life and its Recuperative Care initiatives in Imperial County. Established in San Diego County in 2015, Rooted Life provides Recuperative Care and Medi-Cal (CalAIM) services to individuals requiring medical recovery and supportive services. The organization operates 140 recuperative care beds across nine facilities, including 24 in Imperial County, offering 30–90 day programs with in-house Enhanced Care Management, housing navigation, and day habilitation under a housing-first, harm-reduction, low-barrier model. Guided by a multiyear plan led by the California Department of Health Care Services, Rooted Life aims to improve health and housing outcomes while reducing reliance on emergency services. Eligible participants include individuals with significant behavioral health needs, disabilities, homelessness or housing instability, justice system involvement, and youth with complex medical conditions. Rooted Life's client-centered model emphasizes a home-like environment to support recovery and long-term stabilization.

Veterans Village of San Diego – Workforce Development & Steven A. Cohen Military Family Clinic

Oscar Nava and Susan Quijada presented on the Employment Department of Veteran's Village of San Diego, funded through the U.S. Department of Labor's Homeless Veterans' Reintegration Program, the only national employment initiative exclusively serving homeless veterans. The program provides comprehensive services including case management, employment assistance, housing support, mental health therapy, legal aid, financial assistance, and basic needs to promote long-term stability. Eligibility requires at least one day of active-duty service, appropriate documentation, and homelessness or risk thereof, including justice-involved veterans. The forthcoming Imperial Valley division has secured \$237,070 annually for three years to support employment-focused services, outreach, housing referrals, and workforce readiness, with a temporary local office established. Additionally, Christina Ferrel and John

Carswell presented on the Steven A. Cohen Military Family Clinic at Veteran's Village of San Diego, which delivers specialized, high-quality mental health services to post-9/11 veterans, active-duty service members, and their families to enhance overall well-being.

Whole Person Care Clinic – Street Medicine Team

Dr. Connie Bartlett provided an overview of the Whole Person Care Clinic, outlining its mission to deliver holistic, compassionate, and accessible care addressing the physical, emotional, and social needs of individuals regardless of socioeconomic status. Through an integrated model combining medical care, mental health services, and community-based resources, the clinic emphasizes dignity, inclusion, and patient-centered support. Services are delivered by multidisciplinary teams, including an El Centro team composed of an RN/NP and two medical assistants, and a Carlsbad team with an NP and medical assistant. A core component of service delivery is street medicine, which brings care directly to individuals experiencing homelessness in encampments, shelters, and unsheltered settings, reducing barriers such as transportation, cost, and mistrust. Services include primary care, behavioral health support, case management, and referrals to recuperative care. Documented outcomes demonstrate reduced emergency utilization and cost savings totaling \$142,186 through treatment of conditions such as hypertension, diabetes, asthma, and skin infections, while fostering improved health outcomes and sustained engagement in care.

Imperial Valley Regional Occupational Program – Housing Programs

Gabriel Aguirre, Imperial IVROP Coordinator, and Yessenia Partida, Program Manager, presented on the Housing Programs administered by the Imperial County Department of Social Services and IVROP, which operate under a housing-first, evidence-based framework utilizing rapid rehousing and supportive housing without conditioning housing on service participation. Key programs include the Housing Support Program (HSP), a state-funded initiative serving CalWORKs families through prevention, housing navigation, and financial assistance, which provided utility support to 88 families in 2024. Additional programs include Bringing Families Home, Housing Disability Advocacy Program (HDAP), Home Safe, and Transitional Aged Youth (TAY), collectively addressing families, adults with disabilities, vulnerable seniors, and youth ages 18–24. Annual program goals include housing 200 CalWORKs families and 25 individuals through HDAP. IVROP also supports youth workforce readiness and post-secondary success. Currently, 45 youth participants are enrolled across programs, supported through coordinated case management and interagency referrals.

XI. Keynote Speaker – Gina Vargas, Executive Director, WomanHaven – Overview of Programs and Services

Gina Vargas, Executive Director of WomanHaven, expressed gratitude to service providers for their collaboration and emphasized the importance of connecting individuals in crisis to available resources. With guidance from WomanHaven, the woman was able to access legal support, housing, and safety services, ultimately gaining freedom and stability in several areas of her life. The speaker highlighted WomanHaven's long-standing mission since 1977 to address domestic violence, stalking, and human trafficking through outreach,

prevention, client support, emergency shelter, wellness programs, and assistance for those experiencing or at risk of homelessness.
